DETAILED ACTION

1. Claims 18 and 20-43 have been canceled. Claims 1-17 and 19 are pending and under consideration.
2. The rejection of claims 18 and 32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention is withdrawn in light of applicants amendment.
3. The rejection of claims 18 and 31-37 under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for methods of screening for modified binding members and mimetics which inhibit the binding of actin to the CCT complex, does not reasonably provide enablement for methods of screening for modified binding members and mimetics which inhibit the binding of non-actin substrates to the CCT complex is withdrawn in light of applicants amendment.
4. The rejection of claims 18 and 31-37 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement is withdrawn in light of applicants amendment.
5. Claims 9, 10 and 16 are objected to for failing to comply with the Sequence Rules for the reasons set forth in the attached error report. Applicant is required to provide a new CRF and a new Sequence Listing, both in the proper format, and a statement averring that the information on the Sequence Listing is the same as the information in the disk and that no new matter has been entered into the specification.
